

## STUDENT RIGHT TO KNOW

In accordance with the Crime Awareness and Campus Security Act of 1990, data on arrests and crimes committed on campus or at college-sponsored events will be made available to students each semester. This information, as well as annual financial reports, audits, and the LCOOC Annual Report are available for review either on the lco.edu website and/or in the Library. These materials are distributed annually to the LCOOC Board of Regents, Lac Courte Oreilles Tribal Council, employees, and students at the college, and the community at large.
