

TECHNOLOGY

LCOOC is committed to staying on the cutting edge of technology, not only in teaching methods, but in student access as well. To this end, the LCOOC Main Campus has the following:

- Open computer labs as well as computer classrooms
- Access to high quality networked printers
- Internet connectivity – both wired and wireless
- College-issued email addresses for all students
- Access to online student portals for courses, registration, and academic information
- Interactive Television (ITV) studios for distance learning campuses
- Various online course options
- Classroom projection system
- Touchscreen/Whiteboard technology for in-class and distance learning opportunities
- Integration of technology throughout the curriculum
- Help Desk for students with technology related questions or problems (Main Campus).

The Help Desk is available at helpme@lco.edu
